

ROLTON KILBRIDE – AN APOLOGY

It has been drawn to my attention that much of the content of a press release of 14 November 2017 issued by the Sunderland and Houghton branch of the UK Independence Party, relating to the proposed renewable energy centre in Sunderland, was incorrect.

I apologise unreservedly to Rolton Kilbride Limited for having published those false and defamatory statements, which I am happy now entirely to retract, and for the damage caused to its reputation as a result.

Signed:.....

Anthony Ormond

Branch Secretary UKIP

Washington and Sunderland West
